| County          | Hillsborough                   |
| Road            | I-4                            |
| Design Cost     | \$748,592                      |

| About  |
|--|
| <p>This project will widen McIntosh Road, creating additional left turn storage to both westbound and eastbound I-4. The westbound offramp from I-4 will also be widened.</p> <p>The project is currently in the design phase. Construction is anticipated to begin in 2024.</p> |
