About

This project is repaving Fowler Avenue (SR 582) from west of the Tampa Bypass Canal (east of I-75) to US 301 in Hillsborough County.

Other improvements include replacing the existing drainage ditch with a closed reinforced concrete pipe system and installing sidewalks along both sides of Fowler Avenue.

Construction activities will take place during daytime and nighttime hours.

Access to driveways, sidewalks, and side streets are being maintained.

Motorists are reminded to use caution when traveling through the work zone and remain alert for pedestrians and construction workers.

Construction activities are expected to finish during fall 2024.
