The Florida Department of Transportation (FDOT) District Seven invites you to the SR 60 Open House on Tuesday, February 21, 2017, from 5:00 p.m. to 7:00 p.m. at the 78th Street Community Library in Tampa for the upcoming improvements to S.R. 60 (Adamo Drive) between US 301 and Kathy Drive located in Hillsborough County.

There will be **no formal presentation** therefore you are encouraged to stop by the library anytime between 5:00 p.m. and 7:00 p.m. to view project displays and ask questions of the project team.

The upcoming improvements will widen SR 60, creating a six (6) lane divided roadway between US 301 and Falkenburg Road. Bike lanes and sidewalks will be included on both sides of the new, wider roadway. The existing roadside ditches will be replaced with an under curb drainage system and ponds.

Between Falkenburg Road and Kathy Drive, SR 60 will be repaved. An additional eastbound right turn lane will be added at Brandon Town Center Drive. Sidewalks will be made continuous and bike lanes marked.

The asphalt portion of the northbound I-75 off-ramp where it connects with SR 60 will be rebuilt in concrete for longer durability.

Construction is anticipated to begin in this summer and be complete in approximately two years.
