## About

**As of August 6, 2025, all construction activities associated with this project have been completed.**

This project constructed corridor improvements to enhance safety for all road users. Improvements included the addition of two mid-block pedestrian crosswalks:

- at San Marco Drive/ Johnson Road
- between Elizabeth Avenue and Edna Avenue

Traffic signals were installed, along with refuge islands, curb ramp upgrades, and sidewalk connections. **The signals and crossings became operational on Monday, July 7, 2025.**

The project also included installation of raised medians/traffic separators in the pedestrian crossing areas. Roadway milling and resurfacing was done as needed to replace pavement markings. There was signal work at the mid-block crossings and minor drainage work associated with this project.
