About

As of November 7, 2024, all construction activities associated with this project have been completed.

The Florida Department of Transportation's Design-Build firm, Cone & Graham, Inc., is making roadway lighting improvements to SR 674 from US 301 to east of Edina Street in Hillsborough County.

Safety improvements include installing new light poles and retrofitting existing light poles along SR 674.

Construction activities are expected to be complete in spring 2025.

****

What is design-build? *Design-build is a method of project delivery in which one entity - the design-build team - works under a single contract with the FDOT (or any owner) to fully design and construct a project.* ***The contract work covers from initial design through construction completion.*** *This contract type typically allows for faster construction of a project as design and construction can be on-going simultaneously.*
