About

The Florida Department of Transportation's Design-Build Firm, Cone & Graham, Inc., is making operational improvements by modifying the turning radii for freight trucks at two locations on SR 580 (W. Hillsborough Avenue) in Hillsborough County:

Type of modifications and locations:

- at SR 589 (Veterans Expressway) - extension of the 580 (W. Hillsborough Avenue) right turn lane onto SR 589 (Veterans Expressway)
- at Benjamin Road - conversion of the southbound approach to dual left and dual right lane configuration onto 580 (W. Hillsborough Avenue).

Construction activities are expected to complete summer 2026.

****

What is design-build? *Design-build is a method of project delivery in which one entity - the design-build team - works under a single contract with the FDOT (or any owner) to fully design and construct a project.* ***The contract work covers from initial design through construction completion.*** *This contract type typically allows for faster construction of a project as design and construction can be on-going simultaneously.*
