About

As of July 5, 2025, all construction activities associated with this project have been completed.

The Florida Department of Transportation's Design-Build firm, Cone & Graham, Inc., is making roadway lighting improvements to US 41B (Causeway Boulevard) from SR 60 (Adamo Drive) to US 41/50th Street in Hillsborough County.

Safety improvements include installing new light poles and retrofitting existing light poles along USB 41.

Construction activities are expected to be complete in summer 2026.

****

What is design-build? *Design-build is a method of project delivery in which one entity - the design-build team - works under a single contract with the FDOT (or any owner) to fully design and construct a project.* ***The contract work covers from initial design through construction completion.*** *This contract type typically allows for faster construction of a project as design and construction can be on-going simultaneously.*
