About

The Florida Department of Transportation's Design-Build Firm, Cone & Graham, Inc., is making roadway improvements by extending the two left turn lanes on US 19 at Marine Parkway in Pasco County.

Construction activities are expected to begin summer 2025.

What is design-build? *Design-build is a method of project delivery in which one entity - the design-build team - works under a single contract with the FDOT (or any owner) to fully design and construct a project. **The contract work covers from initial design through construction completion.** This contract type typically allows for faster construction of a project as design and construction can be on-going simultaneously.*
