About

All construction activities associated with this project were completed on February 6, 2025. The landscaping installed on this project is in an establishment period until early 2027.

This project added landscaping along SR 52 (east of I-75) from Pasco Road to Curley Road in Pasco County.

The landscaping will enhance the medians and corridor through a diverse mix of site appropriate, Florida-friendly plant species that will increase the tree canopy and compliment the roadway aesthetics, while prioritizing public safety.
