About

All construction activities associated with this project were completed on April 4, 2025. The landscaping installed on this project is in an establishment period until Spring 2027.

This project added landscaping along SR 52 to the east of I-75 from Curley Road to CR 579A (Prospect Road) in Pasco County.

The landscape design will enhance the existing medians and right of way corridor while utilizing a diverse mix of site appropriate, Florida-friendly plant species that will increase the tree canopy and compliment the roadway aesthetics, while prioritizing public safety.
