About

This project will add landscaping along SR 39 (James L. Redman Parkway) from Johnson Road to Alexander Street in Plant City.

The landscape design will enhance the existing medians while utilizing a diverse mix of site appropriate, Florida-friendly plant species that will increase the tree canopy and compliment the roadway aesthetics, while prioritizing public safety. Stamped colored concrete will be installed in limited areas within the medians as an accent for the landscape.

This project is anticipated to be complete by late 2025.
