About

This project will modify the Scott Street interchange to enhance safety and improve traffic operations. Planned improvements include:

- Minor widening along the northbound I-275 and eastbound I-4 on-ramps from Scott Street
- Milling and resurfacing, plus widening along Scott Street from East of Morgan Street to the I-275 interchange
- Concrete pavement rehabilitation of the on-ramps
- Replacement of traffic signals and signage
- Upgraded roadway lighting
- Sidewalk improvements for enhanced pedestrian access
