About

The Florida Department of Transportation's Design-Build Firm, Cone & Graham, Inc., is constructing an eastbound right-turn lane on SR 54 at Henley Road. Other safety and operational improvements include roadway widening, lighting, and all necessary signs and pavement markings.

Construction activities are expected to be complete in late 2026.

****

What is design-build? *Design-build is a method of project delivery in which one entity - the design-build team - works under a single contract with the FDOT (or any owner) to fully design and construct a project.* ***The contract work covers from initial design through construction completion.*** *This contract type typically allows for faster construction of a project as design and construction can be on-going simultaneously.*
