<b>Contractor</b>	Cone & Graham, Inc.

**About**

The Florida Department of Transportation's Design-Build Firm, Cone & Graham, Inc., is making operational freight improvements to this intersection by widening the southbound SR 200 (N Carl G Rose Highway) turn lane to improve the turning radius onto US 41 (N Florida Avenue) in Citrus County. This intersection will also be repaved.

What is design-build? *Design-build is a method of project delivery in which one entity - the design-build team - works under a single contract with the FDOT (or any owner) to fully design and construct a project. **The contract work covers from initial design through construction completion.** This contract type typically allows for faster construction of a project as design and construction can be on-going simultaneously.*
