About

The Florida Department of Transportation (FDOT), District Seven, is designing safety improvements on SR 580 (E. Busch Boulevard) at the intersections of 30th Street and 40th Street.

The project will include milling and resurfacing, extending the median noses, reducing the corner turning radii, and adding a truck apron for the eastbound right turn movement at 30th Street.

Construction activities are expected to begin fall of 2029.
