About

This project is widening US 19 from four lanes to six lanes between S. Jump Court and W. Fort Island Trail in Citrus County. A shared use path, sidewalks, and storm water ponds are also being constructed with this project.

Progress Update > Additional lanes opened on US 19 in Citrus County

July 12, 2024 -- A northbound US 19 travel lane that was closed just north of S Jump Court was reopened, along with an additional lane along a stretch of southbound US 19. Here's the current traffic patterns in the construction zone from S Jump Court to W Fort Island Trail:

Northbound US 19: Three thru lanes are open throughout Homosassa, then reduced to two lanes for about 650 feet from just north of S Jump Court, then open to three lanes for the remainder of the project area and connecting into the three-lane section north of W Fort Island Trail.

Southbound US 19: Three thru lanes are open from the beginning of the project to just north of W Ozello Trail. Two travel lanes are open from there to S Jump Court where the third lane begins.
