**About**

This project has widened SR 52 to a six-lane divided highway from the Suncoast Parkway to east of US 41 and approximately one mile total of widening on US 41 approaching the SR 52 intersection in each direction. The intersection of SR 52 and US 41 has been rebuilt in concrete to better handle truck starts, stops, and turning movements. This project ties into the [US 41 widening project](#) that was completed in October 2023.

A 12-foot wide multi-use trail has been constructed along the north side of SR 52.

**Progress**

All new lanes are open to traffic. The contractor is working on various minor items to complete the project.
