About

This project will build a paved multi-use trail connecting the Withlacoochee State Trail to the Dunnellon Trail.

The new trail includes a pedestrian crossing at US 41 near CR 39 in Citrus County. Based on public input, the crossing at US 41 will be an underpass rather than an overpass. The underpass is currently being designed.

Construction is anticipated to begin in the fall of 2020 and be complete in the summer of 2022.
