About

This project will widen CR 578 (County Line Road) along the border of Pasco and Hernando counties from two lanes to a four-lane divided roadway with medians. A new 5 foot sidewalk will be built on the north side and 12 foot shared use path will also be built along the south side of the road.

Right of way acquisition will be required for the roadway and drainage ponds.

The project is currently under design. Construction is not funded at this time.
