**About**

This project will widen CR 578 (County Line Road) from east of Mariner Blvd to west of the Suncoast Parkway from a two lane road to a four lane divided roadway along the border of Pasco and Hernando counties. A 5 foot sidewalk will be built on the north side and 12 foot multi-use trail will be built along the south side of the widened roadway as well.

Right of way acquisition will be required for the roadway and drainage features including ponds.

The project is currently in design. Construction is not funded at this time.
