Project Start	Spring 2020
Length	5.8 miles
City	St. Petersburg Tampa
County	Hillsborough Pinellas
Road	Howard Frankland Bridge I-275
Construction Cost	\$865.3 million
Estimated Completion	Late 2025
Contractor	Archer Western/Traylor Bros. Joint Venture

About

This design-build project is building a new southbound/westbound (from Tampa to St. Petersburg) interstate bridge over Old Tampa Bay between Hillsborough and Pinellas counties in West Central Florida.

The new bridge is being built north of the current southbound/westbound (St. Petersburg to Tampa) interstate bridge.

The new bridge will consist of eight lanes; four general use lanes, (Tampa to St. Petersburg) and four Express lanes; two lanes from the St. Petersburg side toward Tampa, two lanes from the Tampa side toward St. Petersburg. A bicycle/pedestrian pathway separated from the roadway will also be included.

The existing southbound/westbound (Tampa to St. Petersburg) bridge will be converted to the new northbound/eastbound I-275 (St. Petersburg to Tampa).
