

US 41 Widening from SR 44 to Withlacoochee Trail bridge 257165-3-52-01

Project Details	
<b>Work Type</b>	Widening
<b>Phase</b>	Construction
<b>Limits</b>	from SR 44 to south of the Withlacoochee State Trail
<b>Project Start</b>	October 2, 2023
<b>Length</b>	1 mile
<b>City</b>	Inverness
<b>County</b>	Citrus
<b>Road</b>	US 41
<b>Construction Cost</b>	\$21.6 Million
<b>Estimated Completion</b>	Summer 2025
<b>Contractor</b>	Watson Civil Construction, Inc.

**About**

**Click to view the [Virtual Open house Tour](#)**

This project is widening US 41 from SR 44 (W Main Street) to south of the bridge over the Withlacoochee State Trail from a two-lane roadway to a four-lane divided road with bike lanes and sidewalks. New traffic signals will be installed at a realigned intersection of US 41 / Montgomery Avenue /Zephyr Street and at the US 41 intersection at the Inverness Regional shopping center. Signal upgrades will be made at the US 41 / SR 44 intersection.

The improvements on this project include:

- Add one lane in each direction.
- Add a median separation.
- Add street lighting to all signalized intersections.
- Provide bicycle lanes adjacent to travel lane in each direction.
- Provide sidewalks on both sides.
- Pedestrian safety upgrades at intersections.
- Add a dedicated left turn lane for the southbound traffic going to Inverness Middle School.
- Provide a shared used path to connect sidewalks to the Withlacoochee State Trail (WST) at the north end of the project. The WST will not be impacted by this project.
