About

This project will repave US 41 between 15th Ave and Bullfrog Creek in Apollo Beach in southern Hillsborough County.

The intersection of US 41 and Big Bend Road will be reconstructed in concrete. The asphalt roadway will be removed and replaced with more durable concrete.

In addition to the roadway improvements, a continuous sidewalk will be built on the west side of US 41. Sidewalk connections from bus stops to the nearest intersections will be added on the east side of the roadway as well.

The project is currently being designed. Construction is anticipated to begin in the summer of 2021.
