About

The Florida Department of Transportation is developing construction plans to add lanes and reconstruct a 2.4-mile segment of the SR 574 (Dr. Martin Luther King Jr. Boulevard) from east of Kingsway Road to east of McIntosh Road in Hillsborough County.

The roadway will be widened from a two-lane road to a four-lane divided roadway with raised medians. Other improvements will include: bike lanes on both sides of the roadway, sidewalk on the north side of the roadway, intersection improvements at Valrico Road and McIntosh Road and replacement of a low-level bridge.

Right of way acquisition will be required for the proposed roadway improvements, storm water management ponds and flood plain mitigation sites.

Right of way: Acquisition is currently underway.

Construction is anticipated to begin in 2029.
