About

All construction activities associated with this project were completed on June 12, 2024.

This project repaved I-275 from the Bearss Avenue interchange to the bridge over Nebraska Avenue in Tampa.

In addition, SR 678 (Bearss Avenue) between Florida Avenue and Nebraska Avenue was repaved.

Construction activities took place during daytime and nighttime hours. Work requiring lane closures along I-275 occurred at night between 8 p.m. and 5 a.m. Occasionally, interstate ramps closed during nighttime hours between 11 p.m. and 5 a.m.

Access to driveways, sidewalks, and side streets were maintained.

Drivers were reminded to use caution when traveling through the work zone and to remain alert for pedestrians and construction workers.
