Length	1.8 miles
City	Tampa
County	Hillsborough
Road	Kennedy Blvd SR 60
Construction Cost	\$23 million
Estimated Completion	Spring 2027
Contractor	Watson Civil Construction, Inc.

About

Construction activities have begun as part of the State Road 60 (Kennedy Boulevard) repaving project from Woodlynn Avenue to Brevard Avenue in Tampa.

Additional improvements include replacing the drainage system, updating curb ramps and sidewalks to ADA standards, and installing new traffic signals at Habana Avenue, Fremont Avenue, and Oregon Avenue.

Work is taking place during the day and at night. At times, travel lanes may close from 10 p.m. to 6:30 a.m.

During September 2025, the project team will be conducting pre-construction assessments along the project limits. These assessments may include visual observations, measurements, and the collection of photographic images by survey crews for project records.

Access to driveways, sidewalks, and side streets will be maintained during this project.

Motorists are reminded to use caution when traveling through the work zone and remain alert for pedestrians and construction workers.

This project is expected to finish in the spring of 2027.
