About

As of March 7, 2022, all construction activities associated with this project have been completed.

This design-build project is making operational improvements to improve the turning radius for freight trucks at the intersection of US 92 (Hillsborough Avenue) at McIntosh Road in Hillsborough County.

The westbound to northbound and southbound onto westbound turning improvements include:

- widening curb return radius
- reconstruction of sidewalk and curb ramps
- installation of signing and pavement markings

Construction activities are expected to finish spring of 2022.

As of March 7, 2022, all construction activities associated with this project have been completed.
