About

The Florida Department of Transportation contractor is repaving SR 60 from west of SR 39 to west of Clarence Gordon Jr. Road in Hillsborough County.

In addition, this project is replacing the intersection's asphalt pavement with concrete at SR 60 and SR 39 and modifying two median openings on SR 60. These closures will improve safety and bring the road up to current access design standards along the corridor.

Construction activities are expected to finish during fall 2026.

This project is being constructed in conjunction with **Financial Project Number 443427-1-52-01**. For more information on that project, please [click here](#).
