<b>Road</b>	USB 41
<b>Construction Cost</b>	\$564K
<b>Estimated Completion</b>	Spring 2017
<b>Contractor</b>	Cone & Graham, Inc.

### About

The FDOT has installed an Intelligent Transportation Systems (ITS) network which includes Dynamic Message Sign (ADMS), CCTVs, CB wizard, and miscellaneous related items along 20th Street South (SR 45 / US 41B) from Lee Roy Selmon Expressway (SR 618) to Maritime Boulevard at Port Tampa Bay.

This ITS project will enhance dynamic traffic management by providing motorists on 20th Street South (SR 45 / US 41B) with real-time traffic information and advanced guidance as they approach Maritime Boulevard. The real-time traffic information includes freeway congestion levels, accidents, interstate and lane closures, route guidance during emergencies or construction work zones, travel times to major destinations, etc.
