About

As part of the improvement project on SR 590/ Drew Street from Osceola Avenue to US19, FDOT is proposing the following:

- Road resurfacing, upgrading ADA features, and improving lighting.
- Realigning Cleveland Street and Missouri Avenue by installing a new raised median to separate turning movements and to reduce crashes.
- New raised median along Drew Street from N. Missouri Avenue to the signalized intersection to reduce conflicts and improve safety.
- Lane reduction from four lanes to two lanes from Osceola Avenue to Myrtle Avenue with a separated bike lane.
- Widening between Missouri Avenue and Betty Lane to improve safety and access.
- Closing the median opening at Cirus Avenue and extend the left-turn lane at Hercules Avenue to minimize turning conflicts and improve traffic flow and roadway safety.
- New signalized intersection with pedestrian crossings at Drew Street and N. Lake Drive.
- New controlled midblock crossing for pedestrians just east of Anna Avenue.
