About

Improvements to 5th Avenue N Impacting On-Street Parking
 Beginning Sunday, October 6th, on-street parking will not be available along the north side of 5th Avenue North between 7th Street N and Dr. MLK Jr. Street N. Vehicles not moved by this date may be at risk of being impounded. These around-the-clock impacts to on-street parking spaces will remain in place for approximately 6 days, weather permitting. During these construction activities, 5th Avenue North and the adjacent side street will remain open to motorists and pedestrians.

This project is repaving Alt. US 19 (5th Avenue North) from west of 6th Street North to 58th Street North in St. Petersburg.

Other improvements include sidewalk enhancements, median modifications, and the addition of bicycle lanes from 6th Street North to 20th Street North.

Construction is expected to be complete in early 2025.
