**About**

***As of June 30, 2025, all construction activities associated with this project have been completed.***

The Florida Department of Transportation's Design-Build firm, Cone & Graham, Inc., installed a new traffic signal on SR 60 (Courtney Campbell Causeway), just east of Bayshore Boulevard in Pinellas County

Other safety and operational improvements included roadway resurfacing and installing sidewalk.

Construction activities completed in summer 2025.

What is design-build? *Design-build is a method of project delivery in which one entity - the design-build team - works under a single contract with the FDOT (or any owner) to fully design and construct a project. **The contract work covers from initial design through construction completion.** This contract type typically allows for faster construction of a project as design and construction can be on-going simultaneously.*
