

# Gateway Expressway

The Gateway Expressway project is constructing two new 4-lane elevated tolled roadways that will provide direct connections between US 19 and I-275, and the Bayside Bridge (north of 49th Street N) and I-275.

## LATEST UPDATES

Installation of tolling equipment is currently underway. Tolling equipment was recently installed near the St. Pete-Clearwater International Airport over the entrance ramp leading to the Bayside Bridge.

## WHAT TO EXPECT

Construction crews are currently focused on completing the following work items:

- Lighting and ITS
- Utilities
- Milling and Resurfacing
- Earthwork
- General Concrete
- Drainage
- Traffic Barriers
- Bridge Superstructure
- Signalization
- Sign Structures
