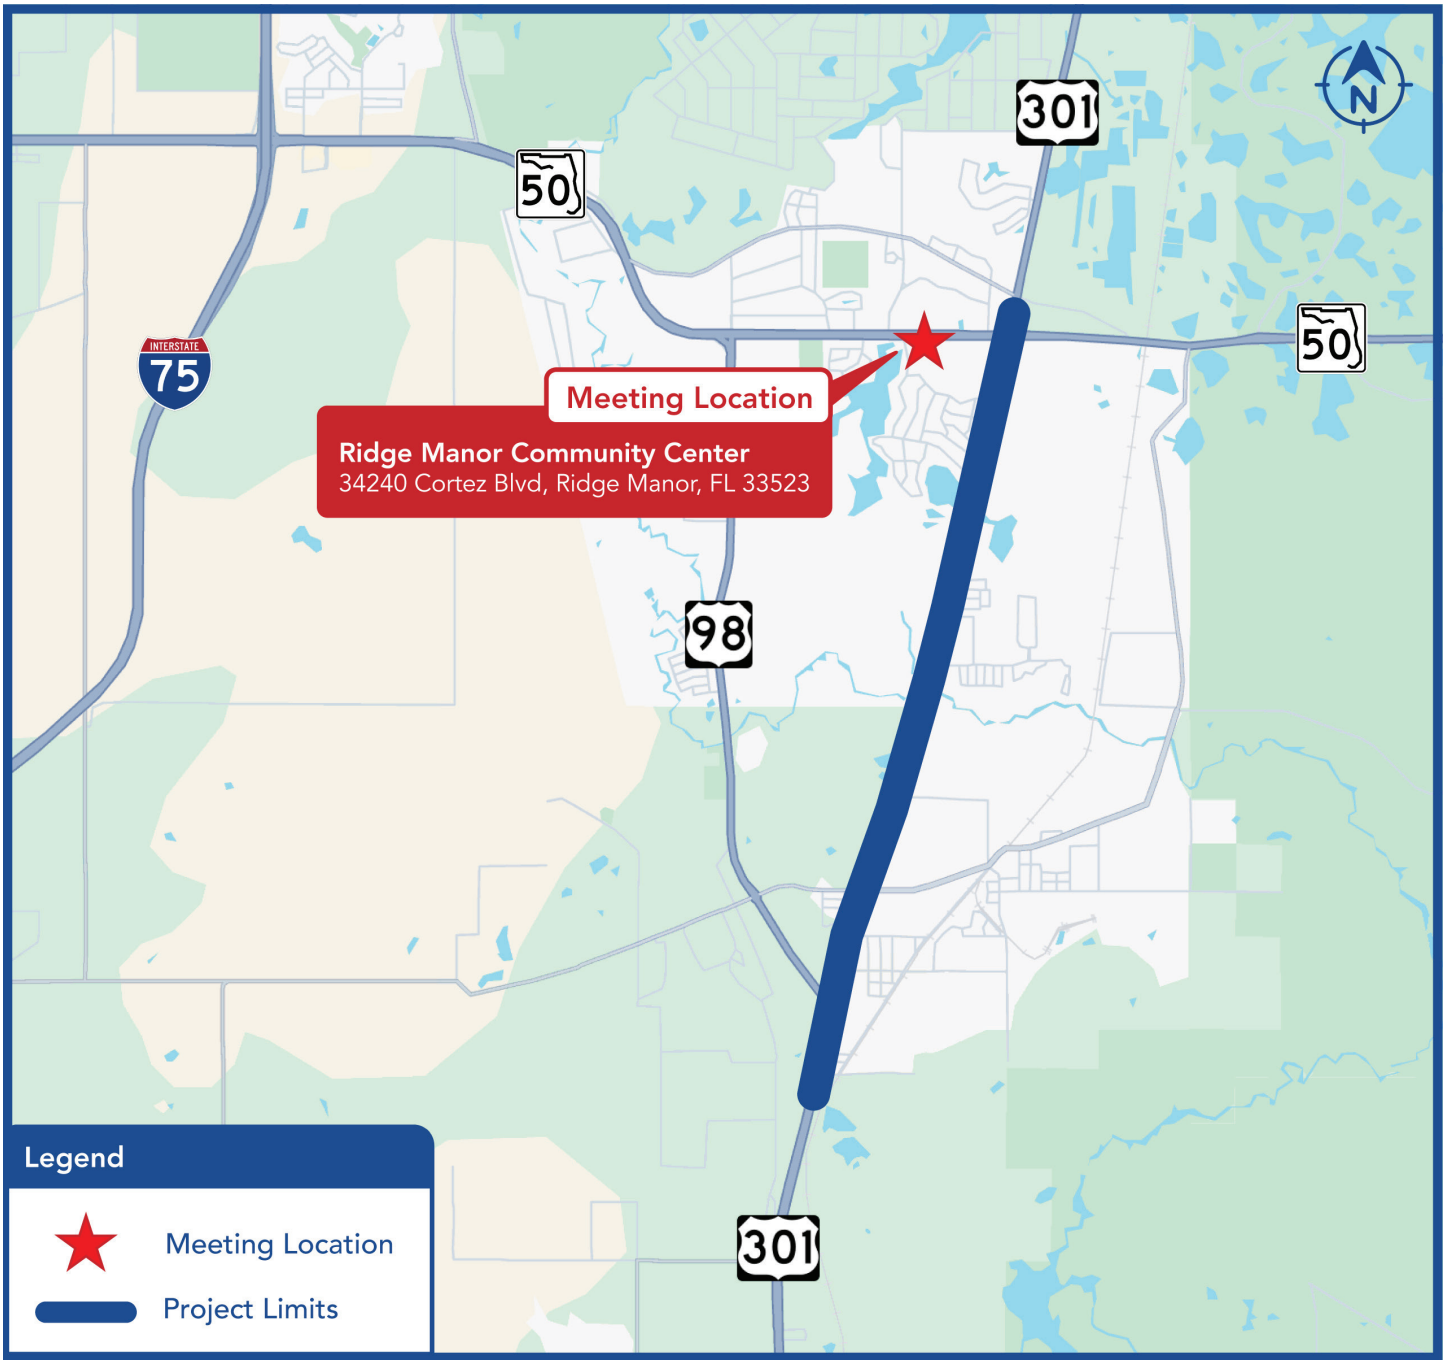
CONSTRUCTION OPEN HOUSE



The Florida Department of Transportation (FDOT), District Seven, invites you to attend and participate in a construction open house for the ongoing project on US 301 from south of US 98 to just north of SR 50 (Cortez Blvd.) in Hernando and Pasco counties. The open house will be held in-person Wednesday, June 25, 2025, from 4:30 p.m. to 6 p.m. For those unable to attend in-person, meeting materials will be available on the project webpage.

This design-build project will widen US 301 to a four-lane divided highway with medians, paved shoulders, and sidewalks. The project will add capacity and enhance mobility and safety. Improvements will include roadway widening and reconstruction, new bridge construction, lighting, drainage, signing and pavement markings, and signalization.

One vehicular bridge and a pedestrian bridge will be constructed over the Withlacoochee River. The existing bridge will be converted to northbound traffic, while a new bridge will built for southbound traffic.

A roundabout will be built at the intersection of US 301 and Trilby Road / SR 575. A traffic signal will be added at the US 301 and US 98 intersection.

This meeting is held pursuant to Chapters 120, 335.18 and 335.199, Florida Statutes.
